

Conference Brochure

World Conference on Applied Science, Engineering and
Technology (WCASET)

01 -02, Jan, 2020 | Singapore

Exploring New Techniques and Advancement
in Engineering

International Conference 2020

We count expertise, competence, uprightness, teamwork and excellence as our integral persuasion. We strive to offer services that are akin with utility. In the world of conferences, we believe in gripping the power of knowledge to convey its value to every participating delegate and organisation at our events. This is the mainspring of our drive towards brilliance and greatness.

INVITATION

Dear Attendees,

We are delighted to announce our upcoming conferences organized by IGRNet. The ***“World Conference on Applied Science, Engineering and Technology”*** is held in **Singapore** on **01st - 02nd January, 2020** with the association of **PET** for presentation at the conference. WCASET aims at sharing new insights, ideas and technologies amongst the professionals, industrialists and students from research areas of Applied Sciences, Engineering, Technology, Nanotechnology, Artificial Intelligence, Health Science, Medicine, and many more. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from corner to corner of the world but also introduced more focused key topics that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Build it add up in your professional life. ***World Conference on Applied Science, Engineering and Technology*** amid **January 01st- 02nd, 2020** at **Singapore**. This consolidates provoke Keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

IGRNet

Organizing Committee

ABOUT US

IGRNet Conferences has focused on meeting the needs of the scientific community, through strong tie-up with business and industry, while simultaneously accomplishing international benchmarks accreditation standards by its international conferences. **IGRNet Conferences** is a unique organization which organizes conferences worldwide.

IGRNet Conferences provides a global platform to the researchers to explore and share their knowledge through networking. **IGRNet Conferences** promotes free exchange of innovative thoughts at the research frontiers of the science, medical, health, clinical, engineering and technology. The elegance of the workshops and the advanced research topics that are going to be presented at the **IGRNet Conferences** shall be definitely interesting and informative.

Conference aims to bring together worldwide researchers and professionals, encourage intellectual development and providing opportunities for networking and collaboration. This association meets with its objectives through academic networking, meetings, conferences, workshops, projects, research publications, academic awards and scholarships. This conference strives to enrich from its diverse group of advisory members. Scholars, Researchers, Professionals are invited to freely join and become a part of a diverse academic community, working for benefit of academia and society through collaboration and vision.

ABOUT CONFERENCE

2020 World Conference on Applied Science, Engineering and Technology (WCASET-2020) will be held in **Singapore, Singapore** during **01st Jan-02nd Jan 2020**.

Applied Science, Engineering and Technology conferences will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Engineering and Applied Sciences. The **International Conference on Applied Science, Engineering and Technology (WCASET)** is a platform for researchers, scientists, scholars, students and industry professionals from around the world to present their current research, and foster alliances with peers. The goal of this Conference is to bring together researchers and practitioners from academia and industry to focus on understanding Modern engineering and applied sciences concepts and establishing new collaborations in these areas.

Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the areas of engineering & applied sciences.

The Conference will also have a space for companies and/or institutions to present their innovations and research results.

Salient Features:

- Meet Academia and Industry visionaries to get encouraged
- Enlarge your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered under a single roof
- Build connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

CALL FOR PAPER

The **World Conference on Applied Science, Engineering and Technology (WCASET)** is dedicated to address the challenges in the areas of applied sciences & Engineering and Technology, thereby presenting a consolidated view to the interested researchers in the related fields. The conference looks for significant contributions to basic and applied sciences in theoretical and practical aspects.

Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, and industrial experiences that describe significant advances in the following areas, but are not limited to:

Applied Science and Technology:

- Agricultural machinery
- Applied mathematics
- Bio fuel
- Biomaterial technology
- Biotechnology
- Catalysis
- Chemical sciences
- Computational modelling
- Computer science and ICT
- Earth and environmental sciences
- Educational technology
- Engineering sciences
- Environmental Studies
- Food, agriculture and veterinary sciences
- Forest and Natural resource management
- Geology
- Green Technology
- High technologies in secure food packaging
- Innovation and science and engineering education
- Irrigation & water management
- Marine and maritime technology
- Molecular biology and genetics

- Multimedia technology
- Nanomaterials and nanocomposites
- Nanotechnology
- New strategies in food packaging
- Pharmacy and biotechnologies
- Production Planning and Control
- Rubber, plastics, textiles and leather
- Technology management
- Textile and leather technology
- Total quality management
- Web technologies
- Artificial Intelligence, Architecture, Astronomy
- Ecology, Marine Science, Physics, Space Sciences, Life sciences
- Computer Sciences, Logic, Mathematics, Statistics, Systems Science,
- Electrical Engineering, Information Technology
- Electronics Engineering , Instrumentation Engineering
- Industrial Engineering, Mechanical Engineering, Applied Physics
- Health Sciences and Medicine, Ceramic engineering
- Computing technology, Electronics , Energy
- Environmental Engineering Sciences, Engineering physics
- Environmental technology, Fisheries science
- Micro technology, Nanotechnology, Nuclear technology
- Computer-aided design, manufacturing, and engineering

Engineering:

- Architecture engineering
- Bridge and Tunnel Engineering
- Civil Engineering
- Computer Engineering
- Electrical Engineering
- Electronic Engineering
- Geotechnical Engineering

- Industrial Engineering
- Manufacturing Engineering
- Materials Science and Engineering
- Mechanical Engineering
- Mechatronics and Automation
- Municipal Engineering
- Oil, Gas, Energy & Mining Engineering
- Operations Research
- Software Engineering
- Structural Engineering
- Systems Engineering Avionics
- Transportation Engineering
- Urban and Regional Planning
- Water resource Engineering

IMPORTANT DATES:

Paper Submission: 12th December 2019

Registration Deadline: 16th December 2019

Conference Date: 01st January 2020
